

Cambria Solutions has created a workable prototype that provides search functionality to help Mississippi case workers and parents searching for child care facilities participating in the Mississippi Childcare Certificate Program. This Quick Start Guide will create better understanding of the functionality of the search features.

PRIMARY SEARCH

The starting page directs the user to a simple, straightforward search field, where an “Address or City or Zip Code” can be entered and a search performed by pushing the “Search” button.

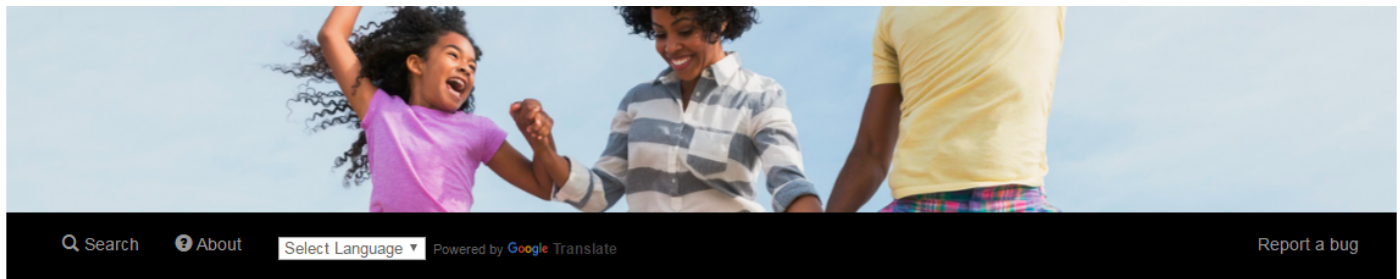

© 2016 - Cambria Solutions

The search results will populate both a filtering box to narrow or widen your search, a map view of providers in the vicinity of the search location, and a list view of potential providers in the vicinity of the search location.

NARROWING AND BROADENING YOUR SEARCH

Once a search has been made, a filtering box appears allowing the user to narrow or broaden their search results through a number of check boxes and drop down selections. These filtering options include: Nearest Number of Facilities, Quality Rating, Provider Type, Availability, and Special Needs. At this time, the user is also able to update the primary search field with a location of their choosing.

Nearest 10 Facilities  Quality Rating  Select your option Provider Type  Select your option Availability  Special Needs 

Results for Jackson

Name of the Provider: LITTLE ACORNS CHILD DEVELOPMENT CENTER
Address: 100 W CAPITOL STREET JACKSON 39269
Phone: 601-965-4999
Licensed: LICENSED **Quality Rating:** Not Rated
Special Needs: YES **Availability:** YES 

Name of the Provider: BACH-LIEN THI NGUYEN
Address: JACKSON 39269
Phone: 601-483-1570

SEARCH RESULTS

Search results return both a list and map view of the facilities in the area.

The list view (left) allows the user to view contact and other pertinent information for provider options. The user is able to scroll through the list to find the best option for them.

The map view (right) allows the user to visually determine the location of a potential provider.

Great solutions require a human touch.

OTHER OPTIONS

In addition to the search functionality, users are able to select (from a drop down menu) a number of language options at the top of the screen. These options include: English, Spanish, and Vietnamese.

The screenshot displays the MDHS (Mississippi Department of Human Services) website. At the top left is the MDHS logo. The main header features a photograph of a family (a man, a woman, and a young girl) jumping joyfully. Below the photograph is a black navigation bar containing a search icon, an 'About' link, a language selection dropdown menu labeled 'Select Language' (highlighted with a red box), a 'Powered by Google Translate' notice, and a 'Report a bug' link. Below the navigation bar is a green banner that reads 'Facilities participating in the Childcare Certificate Program'. Underneath the banner is a search interface with a text input field containing 'Jackson', a 'Search' button, and a 'Hide Options' link. Below the search bar are five filter categories: 'Nearest 10 Facilities' (with a slider), 'Quality Rating' (with a dropdown menu), 'Provider Type' (with a dropdown menu), 'Availability' (with a checkbox), and 'Special Needs' (with a checkbox). A 'Results for Jackson' button is located at the bottom left of the filter section.
